RV & BOAT COVERS

RV's and Boats are significant investments that need to be protected. Our covers are designed to protect your valuable investment from all the elements Mother Nature has to offer. So don't wait until sun, leaves, rain, ice or snow ruin your RV or boat and deplete your investment. Call us today and we can design the best Steel Cover to meet your need.

We understand how important it is to safeguard your vehicles and personal belongings, such as power tools, lawn mowers and sporting good equipment. If you need a carport, backyard shed, garage or workshop, let Porta/Grace design and engineer a steel building or carport that is right for you. Why choose a wooden shed or garage kit that will just rot away when you can have a virtually maintenance free solid metal storage building backed with a 30 year warranty?

Customize your steel storage building, garage or workshop with doors and windows of various sizes at a price you can afford. Call us today for pricing!

GARAGES & CARPORTS with STORAGE

D Y I METAL BUILDINGS

Why sit on your patio and be scorched by the sun or why sit on your deck and be drenched by the rain when you can have your very own Porta/Grace Lean To?

We can custom design a Lean-to for your patio or deck that will protect you and your family from the sun and rain and offer you hours of outdoor enjoyment. Our Lean-to's can be ordered in any of our 17 different colors to match your residence. Give us a call today and let us design a lean-to for you.

All Porta®/Grace™ structures are manufactured using top quality zinc-floated 2½" 11 gauge round tubing with galvanized base rails to form the frames and 29 gauge pre-painted Galvalume® steel for the exterior sheeting.

Porta®/Grace™ structures provide a range of

custom made steel structures suitable for use as carports, sheds, garages, lean-to's, storage buildings, etc.

Our precision design and manufacturing meets and/or exceeds industry standards and provides a high quality, durable, steel framed structure. We take great pride in the fact that we use only top-grade American steel, ensuring that our customers receive the very best quality steel carports & garages available.

Authorized Distributor/Dealer:

Why choose our Galvanized steel framed building?

- Steel is tough & durable
- Fireproof material
- Low maintenance
- Galvanized steel resists rust and corrosion; unlike primed red-iron frames
- Steel is weather resistant
- Steel does not rot, warp, shrink, split or deteriorate
- 100% usable space
- Competitively priced
- Secure storage

Because Quality Matters!
